REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The instant application discloses a wireless communication apparatus and method. The closest prior art of record is applicant's US Patent 6,748,023 B2 and 6,608,868 B1. A search of prior art records has failed to teach or suggest, alone or in combination:

a digital wireless communication method comprising:

"order controlling such that said specific symbols are inserted immediately before and after said pilot symbol; wherein signal points of the specific symbols are allocated on an imaginary line that connects the origin point and a signal point of the pilot symbol on a signal space diagram; and wherein the signal point of the pilot symbol is allocated on an in-phase axis or a quadrature axis" as disclosed in claim 1.

a digital wireless communication apparatus comprising:

"an order controller that controls order such that said specific symbols are inserted immediately before and after said pilot symbol; wherein signal points of the specific symbols are allocated on an imaginary line that connects the origin point and a signal point of the pilot symbol on a signal space diagram; and wherein the signal point of the pilot symbol is allocated on an in-phase axis or a quadrature axis" as disclosed in claim 7.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
